**THIRTEENTH AUSTRALIAN COAL PREPARATION
CONFERENCE**

**COAL PREPARATION 2010
“ADVANCING COAL PREPARATION TECHNOLOGIES
FOR OUR FUTURE”**

**CAIRNS CONVENTION CENTRE, CAIRNS, QUEENSLAND
12th – 17th SEPTEMBER 2010**

“CALL FOR PAPERS”

The Conference Technical Sub-Committee invites authors to submit 300 word abstracts on any aspect of coal preparation and utilisation to:

Attention: The Editor
Confedit2010@acps.com.au

The number of papers will be limited and selected on merit and for the balance of the program. Papers will only be accepted on the basis that at least one author will be attending the conference to present the paper. Abstracts must be received by 15th August 2009.

In particular papers are called for in the areas of:

**New Plants
Plant Upgrades
Monitoring and Improving Plant Efficiency
Metallurgical Accounting as applied to Coal Preparation Plants
Plant Maintenance
Operational Improvements to Plants
Dewatering / Drying / Briquetting
International Themes
Coarse Coal Processing
Small Coal Processing
Fine Coal Processing
Dry Processing
Tailings Handling and Retreatment
New Technologies**

Papers from operating plants discussing plant issues are especially encouraged. Prospective authors and presenters are advised that the Society has decided to allow the presenter of each paper a 50% discount on the Conference registration fees.

For more information please go to www.acps.com.au "News" then "Forthcoming Conferences and Exhibitions" and select "Call for Papers".
